I was going to mention this yesterday but I figure that it would be a topic for another time. The list sent by their attorney does not make a lot of sense - why code some samples for home wells and not others? Something a bit strange is going on with this - also, why sample Artesian wells in Montrose? Background? Yet another reason to do our own sampling.

Rich and Humane-

We learned Monday from Rob Helverson through Scott Ely, that [REDACTED] has a property next to Switzer's- just a well and garage, but not developed, so not drinking from the well...

I question why Cabot would have traveled to Brooklyn, PA, (as the memo says outside the area of concern) to sample a Ken Ely well there, when there is a well on the Ken Ely property on Carter road?? It also has the highest of some Organics (Triethylene Glycol, 2,2 Oxybisethanol and Bis (2-methylhexyl)phthalate, so it is imperative to get this figured out...

Stephanie,

Please include this information in the database you are preparing. Thanks.

Rich

Dear Ms. Zia and Mr. Fetzer,

Attached please find a follow up letter to my January 9, 2012 letter, which provides the sampling locations for the water samples taken May 11, 2011, August 4, 2011, and September 2, 2011 sampling events.

If you have any questions, please do not hesitate to contact me.

Best Regards,

[REDACTED] **Ex. 6 - Personal Privacy**
